MASTER OF BUSINESS ADMINISTRATION (MBA)

GUIDELINES FOR COMPREHENSIVE PROJECT (CP)

1. INTRODUCTION:

The students will have to undergo Comprehensive Project during the Fourth Semester, and submit a “**Comprehensive Project Report**” by the end of the semester.

Comprehensive Project (CP) is an integral part of the academic curriculum of MBA. For the successful completion of the MBA programme, students are required to undergo CP as per the prescribed format and duration. The CP is supposed to be an extensive piece of professional work wherein the students provide specific expertise in their field of specialization. Students can choose to undertake the project either with an organization or can carry out a project independently.

2. OBJECTIVES:

CP undertaken with an organization:

- Learn strategic aspects of the specialization domain
- Select a topic of significant relevance to the organization and undertake an intensive research based investigation to identify solutions and answers. This shall serve the objective of enabling students to learn about problems faced by businesses and ways of finding remedies for them. In developing recommendations for how the organization might resolve the issue, students are expected to synthesize business concepts learned in the program and demonstrate their real-world business applications.
- Provide students with the opportunity to refine research skills and demonstrate their proficiency in written and/or oral communication skills.

CP undertaken independently:

- Provide students an opportunity to apply the knowledge and skills acquired in their courses to a specific problem or issue.
- Allow students to extend their academic experience into areas of personal interest, working with new ideas, issues and individuals.
- Students can undertake a study pertaining to an entire industry and develop a holistic and macro view of the environment.
- Students can undertake a fully-researched, costed and complete business plan for a new business venture which might justify investment against a predicted return. They shall still have to conduct a full literature review relevant to the type of business or proposition. This shall provide students an opportunity to simulate setting up of a new business venture.
- Provide students with the opportunity to refine research skills and demonstrate their proficiency in written and/or oral communication skills.
- The student should ensure that the data and other information used in the study report are obtained with the permission of the institution concerned. The students should also behave ethically and honestly with the organization.

3. WHAT IS TO BE DONE?

- The student has to undertake project individually or in a pair of two students. CP Report is to be submitted by every individual student / pair of students.
- How many students are allowed to undertake the project in the same organization?

There is no limit on the number of students undertaking the CP in an organization. It shall be the Institute's prerogative to maintain the standards of a CP project through the selection and guidance of distinct, relevant and genuine projects for the students.

- If the CP is undertaken at an organization, the CP process involves working under the mentorship of an executive of the concerned organization and also with a faculty member of the institute where the student is studying. The student is expected to first understand the organization and its setting and the industry/field in which the organization is operating. Thereafter, the student is expected to concentrate on the specific topic of study, its objectives, its rationale, and adopt a methodology and identify a suitable analysis procedure for the completion of the study. Wherever possible the student may provide recommendations and action plans, along with the findings of the study.
- If the CP is undertaken independently, the student should identify a highly relevant topic in his/her domain area of specialization. He/she can then carry out a research-intensive project pertaining to the selected topic.
- Thereafter, the student should prepare a report and submit one copy to the organization and one copy to the institute. Students may submit hard copy or soft copy of report to the organization / institute as per their requirement. The student **may** also obtain a certificate from the organization/s where the CP was done and attach the same with the copy submitted to the institute. **(Sample format of Certificate is attached in Annexure II). It is compulsory to attach the Institute Certificate in all reports.**
- The university will arrange the external viva - voce for CP. The student is expected to make a **15 – 20 minutes presentation** before the examiner regarding the CP project work undertaken, which will be followed by questions by the examiner.
- **Plagiarism of CP report should be less than 30%.**
- **Institute's CP Coordinator (Faculty Member) has to submit the report to E-library portal of GTU as and when asked by the University.**

4. CRITERIA FOR EVALUATION OF CP

The total marks for the CP project will be 200 and it carries 4 credits. The marks will be awarded in proportion of 70:30 by external and internal examiners respectively.

Internal Viva: The institute has to conduct internal viva at institute level where internal faculty guide will give marks out of 60 to each student appearing for Viva in consultation with an external person(s) called from industry. (Guidelines for industry person: Preferably a person of senior managerial level and at least having industry experience of 5 years)

External Viva: External examiner shall be appointed by Gujarat Technological University. He / she will give marks out of 140 on the basis of parameters given in Annexure I.

At the end of the viva, the External Examiner has to ensure that the marks given in the hard copy of the mark sheet are entered in the online mark entry portal of GTU by himself / herself before leaving the exam centre.
