

# Som-Lalit Institute of Management Studies (SLIMS)

## Guest Lectures and Industry Interaction Policy

The Guest Lectures and Industry Interaction Policy of our institute underscores our commitment to bridging the gap between academia and industry. Designed with this objective in mind, our policy seeks to equip students with invaluable insights, networking opportunities, and practical knowledge through a variety of guest sessions, workshops, and interactions with industry professionals. This ensures that our students are well-prepared to navigate the challenges of today's dynamic world.

### Objectives:

The Guest Lectures and Industry Interaction are designed to achieve the following key objectives:

**Real-World Insights:** Provide students with practical insights into industry trends, challenges, and best practices shared by seasoned professionals.

**Networking Opportunities:** Cultivate connections among students, faculty, and industry experts to facilitate potential collaborations and mentorship opportunities.

**Enhanced Curriculum:** Enrich the academic experience by supplementing theoretical knowledge with real-world case studies, experiences, and content that extends beyond the syllabus.

### Scope:

Our Guest Lectures and Industry Interaction have a diverse range of activities aimed at bridging the academia-industry gap, including:

**Guest Lectures:** Inviting industry experts, entrepreneurs, and thought leaders to deliver lectures on topics relevant to management education.

**Workshops and Seminars:** Hosting interactive sessions to delve into specific industry topics, skill development, and emerging trends.

**Panel Discussions:** Facilitating discussions with a panel of experts to explore diverse perspectives on contemporary business challenges.

### Institutional Support:

Faculty members in consultation with the HOD/Director identify and invite speakers to bridge the industry and academic gap. These speakers range from diverse industries and corporate. Online sessions are also permitted.

Financial support is provided by the Institute for the speakers.
